Katherine,

Although we continue to believe that documents GUETTA00005-7 warrant Highly Confidential treatment under the Stipulated Protective Order, in the interest of avoiding unnecessary motion practice and not burdening the court, we will agree that these documents may be treated as Confidential under the stipulation. Please let me know if you prefer that we produce new versions of these documents with the revised designation.

Regards,

Tal

Ignore that - those are the documents I already challenged. Talk to you then.
