|----|--|
| 2  | Plaintiffs,  |
| 3  | V.   |
| 4  | BUREAU OF RECLAMATION, et al.,   |
| 5  | Defendants.  |
| 6  |  |
| 7  | A scheduling conference in these cases was held on November 4, 2009, on the October                |
| 8  | 23, 2009 Report to the Court by the Federal Defendants and the Parties' responses thereto, and a   |
| 9  | further scheduling conference was held on November 19, 2009. Having considered the Parties'        |
| 10 | Supplemental Status Report (Doc. #752), the Further Status Conference Report by Plaintiffs         |
| 11 | Firebaugh Canal Water District and Central California Irrigation District (Doc. # 751), and the    |
| 12 | arguments of counsel, the Court ORDERS as follows:   |
| 13 | 1. Plaintiffs' request for the initiation of enforcement proceedings is DENIED                     |
| 14 | without prejudice; expressly conditioned on the following;   |
| 15 | 2. Federal Defendants, through the Bureau of Reclamation, shall perform their                      |
| 16 | undertakings to the Court, as presented in Part I of the Parties' Supplemental Status Report (Doc. |
| 17 | 752) including the Control Schedule attached thereto, as the Bureau of Reclamation has proposed    |
| 18 | to perform them. Nothing in this Order precludes the Federal Defendants from discussing with       |
| 19 | other Parties alternative means or locations of providing drainage service within the San Luis     |
| 20 | Unit. Any modifications based on such discussions shall be separately identified in the status     |
| 21 | reports filed with this Court; and   |
| 22 | 3. The Court will hear cross-motions for summary judgment on the Plaintiffs' Fifth                 |
| 23 | and Sixth Claims for Relief in their Fifth Amended Complaint, as construed by the Court in its     |
| 24 | prior decisions, and including but not limited to any issues on whether the Plaintiffs as non-San  |
| 25 | Luis Unit members have enforcement rights, on the following schedule:                              |
| 26 | a. Federal Defendants shall lodge with the Court and serve on the other                            |
| 27 | Parties the Bureau of Reclamation's administrative record on or before April 1, 2010;              |
| 28 | b. Any motions concerning the sufficiency of the administrative record shall                       |
|    | - 2 -  |

1 be filed on or before May 3, 2010;

| 2  | c. Plaintiffs shall file and serve their motion for summary judgment on or                       |
|----|--|
| 3  | before May 31, 2010, or in the alternative within 30 days following resolution of any dispute    |
| 4  | regarding the sufficiency of the administrative record, whichever is later;                      |
| 5  | d. All cross-motions for summary judgment and any oppositions to                                 |
| 6  | Plaintiffs' motion shall be filed and served on or before July 15, 2010;                         |
| 7  | e. Plaintiffs' opposition/reply shall be filed on or before August 15, 2010;                     |
| 8  | f. All replies in support of cross-motions shall be filed on or before                           |
| 9  | September 15, 2010; and  |
| 10 | g. The Court will hear oral argument on cross-motions for summary                                |
| 11 | judgment on October 18, 2010, at 10:00 a.m. The Parties request extended time for oral           |
| 12 | argument.  |
| 13 | 4. In the Supplemental Status Report filed by the Parties on November 18, 2009                   |
| 14 | (Doc. # 752), the Environmental Intervenors expressly reserved their rights relative to the 2007 |
| 15 | Record of Decision and nothing in this Order diminishes or waives that reservation of rights.    |
| 16 | IT IS SO ORDERED.  |
