

1 the status of his case.

2 Case management at the court proceeds by the order cases are received. The Court is aware of
3 the existence of Petitioner's case and the length of time that it has been pending on the list of cases
4 ready for a merits decision. However, due to the enormous caseload of the Court, and the Court's
5 detailed and diligent handling of each individual case, a Court decision often takes time. Petitioner's
6 case will be ruled on in due course.

7 As noted in the Litigant Letter served on Petitioner shortly after the filing of the Petition, the
8 Court will not respond to individual inquiries regarding the status of a particular case. Petitioner was
9 informed at the outset that the Court would notify him as soon as any action is taken in his case and
10 that *as long as Petitioner keeps the Court informed of his current address*, he will receive **all**
11 decisions that might affect the status of his case. Moreover, the Court has no formal procedures for
12 supplying inmates with copies of the Court's docket. The docket for this case can be viewed on-line at
13 the Court's main website.

14 Accordingly, the Request for Status is DENIED.

16 IT IS SO ORDERED.
