_____)	

John Frederick Wheeler ("Plaintiff") seeks to proceed *in forma pauperis* ("IFP") and *pro se* with an action for violations of his civil rights, and commenced this action by filing his complaint and a motion to proceed IFP on February 27, 2012. (Docs. 1-2). On March 19, 2012, the Court recommended Plaintiff's motion to proceed IFP be denied because his complaint failed to state a meritorious claim upon which relief may be granted. (Doc. 4). However, also on March 19, 2012, Plaintiff filed a second motion to proceed IFP. (Doc. 5).

Because Plaintiff has an application to proceed IFP pending before the Court, the second application to proceed IFP (Doc. 5) is **DISREGARDED AS MOOT**.

IT IS SO ORDERED.

Dated: March 22, 2012
