A month ago, the Court granted the stipulation of counsel to amend the deadlines associated with the class certification motion because counsel needed additional time to complete certain discovery before filing the opposition and reply. (Docs. 31, 32) At that time, counsel reported that the parties were set to engage in mediation on August 22, 2019 (Doc. 32 at 3). They have again filed a stipulation to amend the deadlines, this time because they are set to engage in mediation on August 22, 2019. (Doc. 41 at 3) They fail to explain what has changed since their last stipulation and why, if they felt they could comply with the dates they proposed in their last stipulation despite intending to engage in mediation on August 22, 2019, they cannot now do so. Therefore, the Court **ORDERS**:
