When the defendant filed its motion to dismiss, it attached a document that reflected the plaintiff's PG&E account and meter number. (Doc. 8-4) Now recognizing its mistake, it seeks to have the document sealed and a public, redacted document filed in its place. Because Local Rule 140 requires this information to be redacted, the Court **ORDERS**:

1. The request to seal document 8-4 is **GRANTED** and the Clerk of the Court is **DIRECTED** to seal the document;
2. The defendant **SHALL** file the redacted copy of the document, lodged with the Court, within two court days.

IT IS SO ORDERED.

Dated: November 8, 2017
