CASE NO. 2:80-CV-00583-TLN  
 [In Equity No. 30]

ORDER AMENDING ANGLE DECREE  
 RE: PLACE OF USE OF WATER  
 RIGHTS

21 This matter is before the Court on the Notice of Proposed Order to Amend Angle Decree  
 22 filed by the plaintiff, United States of America, on August 5, 2022, which proposed amendments to  
 23 the place of use of certain decreed water rights in the Final Decree entered in the above-captioned  
 24 case by the Hon. Frank H. Kerrigan of this Court on January 13, 1930 (the Angle Decree or Decree).  
 25 The proposed amendments reflect annexations of certain properties into the Orland Project. The  
 26 Water Master for Stony Creek and Tributaries gave notice of the proposed amendments and received  
 27 no objections. Accordingly, pursuant the Court’s Order of February 11, 2009 (ECF No. 295), the  
 28

United States submitted a proposed order embodying the amendments, which the Court may approve without a hearing. *See* Order of Feb. 11, 2009, at 17.

The Court has reviewed the Proposed Order, the United States’ Notice of Proposed Order to Amend Angle Decree, the Declaration of Jacob Berens, the Declaration of Ray Sahlberg and Project Land Schedule attached thereto, the United States’ Notice of Filing of Report by Water Master for Proposed Annexations to Orland Project (ECF No. 381), the Notice of Water Master Administering Decree Under the Order Dated February 11, 2009 (ECF No. 381-1), and the complete record before the Court on this matter. Being so advised, the Court finds that the proposed amendments to Angle Decree have been submitted in a manner consistent with the Court’s Order dated February 11, 2009 (ECF No. 295), that good cause exists for the amendments, and that no hearing is necessary.

Accordingly, the Project Land Schedule in Article VIII of the Angle Decree is hereby **AMENDED** to annex the following lands into the Orland Project:
