1	Pursuant to Local Rule 72-303(f), a magistrate judge's orders shall be upheld
2	unless "clearly erroneous or contrary to law." Upon review of the entire file, the court finds that
3	it does not appear that the magistrate judge's ruling was clearly erroneous or contrary to law.
4	In his objections, plaintiff asks for an extension of time in which to file an
5	interlocutory appeal. The court declines to make such an order because none of these rulings are
6	appealable orders. See Sell v. United States, 539 U.S. 166, 176 (2003). In addition, the matters
7	plaintiff seeks to appeal do not present controlling questions of law about which there is
8	substantial difference of opinion and so the court declines to certify them for interlocutory
9	appeal. 28 U.S.C. § 1292(b).
10	Therefore, IT IS HEREBY ORDERED that:
11	1. Upon reconsideration, the order of the magistrate judge filed September 11,
12	2009, is affirmed;
13	2. Plaintiff's request for additional time in which to pursue an interlocutory
14	appeal is denied; and
15	3. The court declines to certify these issues for interlocutory appeal.
