(PC) Riches v. Michael A. Newdow

Doc. 1

1

Defendant Newdow is in a vast conspiracy with the Bureau of Prisons and FCI Williamsburg to eliminate god in my life since Feb 25th, 2003 when I entered the system

God escaped the gates of FCI Williamsburg with Clint Eastwood on Defendants orders, Leaving this place sad, cold, somber, and misery.

MAY 6, 2006 - Newdow is responsible for the American Flag being taken down off the Flag Pole at FCI Williamsburg. I can't pledge ALLEGIANCE to

this country no more because of Defendant's unpatriotic views that offends me and effects my daily life

2

ON Oct 10, 2006 - Newdow called the FCI Williamsburg Warden and told him that inmates are not allowed to lead morning wakeups in recitation of the pledge of Allegiance. The warden agreed and if a inmate is caught reciting the pledge of Allegiance, they go to "Shu" special housing unit for 180 days locked down and lose all their good time. This is unfair. I have a Constitutional right to do this. Defendant has no Authority to tell the warden to stop this constitutional practice. My rights are being violated by Defendant

3

Defendant Newdow under 36 USC 302 took "IN God we trust" away from FCI Williamsburg. "IN God we trust" was taken out of prison currency.

Defendant is responsible for prison Commissary price gouging because FCI Williamsburg Guards don't have god in them, they are inhumane, and charge 1000% markup prices on Expired Food that noone can Afford. Since FCI Williamsburg don't have god in the facility because defendant took god away I only receive .12^d cents a month for working. This is a violation of minimum wage laws Defendant is responsible for

4

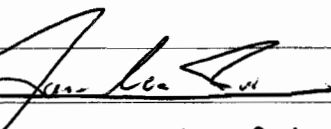

Defendant told FCI Williamsburg Teacher Philip Woolston to harass and torture my life because I'm trying to bring God back into this facility. Woolston is trying to pervert me with Atheism on Newdow's orders

TRO Temporary Restraining order

Plaintiff moves this court to stop Newdow from taking my medication away because god created medication to cure me, but it offends him. Plaintiff moves to stop B.O.P. officials from taking out religious material from prisons because Newdow does not want me and inmates to follow God. Morals, principles, and dignity is gone at FCI Williamsburg that has done Psychological damage to my mind.
