and DOES 1 through 15,
Inclusive,

Defendants.

TO THE COURT:

The parties continue to work toward a mutual resolution in this case, and are presently completing necessary discovery, including with regard to liability and the nature of plaintiff's medical injuries. To facilitate this process, the parties request that the court enlarge the Scheduling Order restrictions on discovery to permit service of a total of 50

1 interrogatories per party, as well as to permit service of a
2 single interrogatory directed at all denials of requests for
3 admission, and in the form of California's Judicial Council
4 Interrogatory 17.1. The parties also request that the Court
5 enlarge the deadline for completion of factual discovery and
6 discovery motions by 75 days from May 20, 2009 to August 4,
7 2009, and expert discovery from July 23, 2009 to October 1,
8 2009. Finally, to accommodate each of these requests, the
9 parties seek resetting of the balance of the pretrial
10 and trial calendar as follows:

12	Expert Disclosure Due:	August 18, 2009
13	Supplemental Disclosures:	September 8, 2009
14	Expert Discovery Deadline:	October 8, 2009
