I, Eric Grant, declare as follows:

- I am the Plaintiff and co-counsel for Plaintiff and Counter-Defendant Eric Grant in the above-entitled case. I make this declaration in support of my opposition to the Kamehameha Schools Defendants' and Cross-Claim Defendants' Motion to Dismiss (doc. 50, filed July 9, 2008). I make the statements of fact in this declaration of my own personal knowledge. If called as a witness in this proceeding, I could and would competently testify to the facts set forth herein.
- 2. In the following paragraphs, I refer to Defendants Kamehameha Schools/Bernice Pauahi Bishop Estate, J. Douglas Ing, Nainoa Thompson, Diane J. Plotts, Robert K.U. Kihune, and Corbett A.K. Kalama collectively as "KSBE." I refer to Defendants John Doe and Jane Doe, two individuals whose true identities are known to me, using their "Doe" pseudonyms.
- 3. Since 1990, I have been a member in good standing of the State Bar of California. Since 2001, I have been a member in good standing of the Bar of this Court.
- 4. I have resided and practiced law in Sacramento County continuously since 1997. I have been a solo practitioner since August of 2004. I am in the process of joining the 16-lawyer firm of Hicks Thomas LLP of Houston, Texas, whose new California office I alone will staff.
- 5. I represented the Does in a federal civil rights lawsuit against KSBE, which lawsuit attacked KSBE's "Hawaiians only" admissions policy at its K-12 schools as discrimination on the basis of race in violation of 42 U.S.C. § 1981. The lawsuit was filed in June of 2003 in the United States District Court for the District of Hawaii; it was styled Doe v. Kamehameha Schools/Bernice Pauahi Bishop Estate, et al., No. 1:03-cv-00316-ACK-LEK (the "Underlying Litigation").
- 6. While the Underlying Litigation was pending in the district court, KSBE was represented by California counsel working from California, namely, Kathleen M. Sullivan, then dean of Stanford Law School; she alone argued for KSBE at the one and only hearing before the district court on November 17, 2003.
- 7. The district court ruled in favor of KSBE and dismissed the Does' action with prejudice. On the Does' behalf, I filed a notice of appeal to the United States Court of Appeals for the Ninth Circuit in San Francisco. Accordingly, the Underlying Litigation was pending in that court from December 30, 2003 through December 5, 2006 (as No. 04-15044).

- 8. In that appeal, KSBE continued to represented by California counsel working from California, namely, Ms. Sullivan, and she alone argued for KSBE at the oral argument before the 3-judge panel on November 4, 2004 and at the oral argument before the 15-judge en banc court on June 20, 2006 in San Francisco.
- 9. The Ninth Circuit likewise ruled in favor of KSBE and affirmed the district court's dismissal of the Does' claim. On the Does' behalf, I filed a petition for certiorari in the Supreme Court of the United States (docketed as No. 06-1202).
- 10. In that phase of the litigation, KSBE was again represented by California counsel working from California, namely, Ms. Sullivan and the law firm Quinn Emanuel Urquhart Oliver & Hedges, LLP in Redwood Shores, California. Ms. Sullivan was designated "Counsel of Record" (i.e., lead counsel) for KSBE on the brief in opposition to the Does' petition.
- 11. While the Does' petition was under consideration by the Supreme Court, Ms. Sullivan on May 3, 2007 contacted me at my office in Sacramento County and proposed to continue settlement negotiations on behalf of our respective clients. On May 8, 2007, I met Ms. Sullivan at a restaurant in Pleasanton, California, where we conducted negotiations over a long lunch.
- 12. Over the course of the following three days, Ms. Sullivan and I continued to negotiate by telephone and electronic mail from our respective offices in California. I recollect that we spoke approximately a dozen times and exchanged at least thirty e-mail messages in that period.
- 13. On May 11, 2007, our negotiations consummated in a written settlement agreement. On a separate page of the agreement titled "Approval as to Form," Ms. Sullivan and I executed a provision that stated: "On behalf of our respective clients, we approve the foregoing Settlement Agreement and General Release as to form." At KSBE's specific demand, I executed a separate declaration confirming that the signatures of "John Doe" and of "Jane Doe" were genuine. These executions were accomplished from our respective offices in California.
- 14. The essence of the settlement was an exchange by which the Does received monetary compensation from KSBE for dismissing their pending petition for certiorari. To effect that dismissal, I initiated (and Ms. Sullivan joined) a telephone call to the Clerk of the Supreme Court. Based on the Clerk's instructions, Ms. Sullivan and I executed an "Agreed Stipulation to Dismiss"

the petition, which I submitted to the Clerk by facsimile from my office in Sacramento County. In accord with that stipulation, the Clerk entered an order dismissing the Does' petition pursuant to the Supreme Court's Rule 46.1.

- 15. Thereafter, KSBE discharged its financial obligation under the settlement by making payments to my client trust account at my bank in Sacramento. The logistics of such payments were co-ordinated by Ms. Sullivan and me.
- 16. I was present in California when I had the discussions with John Goemans and the conference call with Goemans and the Does described in Paragraph 3 of the Statement of Undisputed Facts in Support of Plaintiff and Counter-Defendant Eric Grant's Motion for Summary Judgment (doc. 81-3, filed Oct. 3, 2008).

The Legacy of a Princess

Kamehameha Schools was founded by the will of Bernice Pauahi Bishop, a descendant of Hawaiian royalty, and the great-granddaughter of Kamehameha the Great.

Kamehameha School for Boys was the first to be established in 1887 on what are now the grounds of the Bishop Museum in Honolulu on the island of Oʻahu. A year later the Preparatory Department, for boys 6 to 12 years of age, opened in adjacent facilities. The School for Girls opened in 1894 on its own campus nearby. In the early years, the curriculum focused on manual and industrial arts.

The 600-acre Kapalama Campus is the largest and oldest of Kamehameha's three campuses. A 180-acre campus on Maui, a 300-acre campus on Hawai'i, some 32 preschools on five islands and numerous extension education programs round out the statewide education system.

Between 1930 and 1955, all three schools moved to its present location - Kapālama Heights - less than a mile ma uka of the old Bishop Museum campus. In 1965 the boy's and girl's campuses became co-ed and the curriculum was increasingly geared to college preparation.

In 1996 two new campuses were established on the neighbor islands of Maui and Hawai'l, and they now serve students in grades K - 12. Kamehameha also operates 30 preschool sites statewide. The three campuses enroll over 5,000 students and an additional 23,000 are served annually through community-based and scholarship programs, and collaborations with educational and community organizations.

In addition to three campuses, Kamehameha operates 30 preschool sites enrolling 1,500 3- and 4-year-old children statewide; and serves thousands more students through community outreach and scholarship programs, and collaborations with educational and community organizations.

Kamehameha subsidizes a significant portion of the cost to educate every student. Although modest tuition and fees are charged, nearly 60 percent of

preschool and K-12 families qualify for and receive need-based financial aid.

Christian and Hawaiian cultural values and practices as well as service learning are integral to Kamehameha Schools programs, both on campus and in the community. It is the policy of Kamehameha Schools to give preference to applicants of Hawaiian ancestry to the extent permitted by law.

Kamehameha Schools is the largest private landowner in the state of Hawai'i. Income generated from its residential, commercial and resort leases, as well as diverse investments, fund the schools' maintenance and operations. The Schools' endowment has experienced dramtic growth over the past few years, resulting in a total portfolio value of \$7.66 billion as of June 30, 2006.

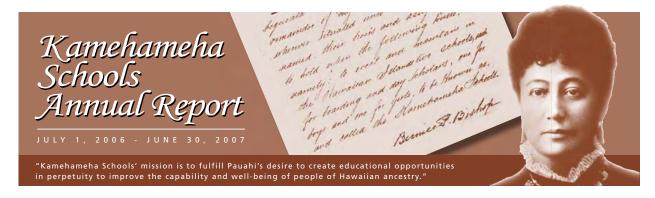

Kamehameha's Endowment Group also manages several education collaborations which focus on utilizing Kamehameha Schools' sizable land holdings for educational purposes. The 'Āina Ulu program is designed to use Kamehameha lands as classrooms for project-based learning. Statewide, more than 15,000 participants were served in 2005-06. The Mālama 'Āina program incorporates land and resource stewardship management plans which help ensure availability of resources to meet future needs.

Educational Spending and Number of Learners Served Rise in Fiscal Year 2007

Kamehameha Schools Endowment Grows to More Than \$9 Billion

A \$29 million increase in educational spending led to even more Hawaiian learners benefiting from Pauahi's gift of education in fiscal year 2007 as Kamehameha Schools continued to honor the memory of its founder and accomplish its mission.

Kamehameha's educational spending jumped 13 percent to a total of \$250 million over the fiscal year. Since the schools' Education Strategic Plan was approved in June 2005, Kamehameha Schools has spent \$471 million on educational programs, services and collaborations.

Most remarkable about Kamehameha's educational expenditures for the year was a 37 percent rise in spending on community-based programs, to a total of \$78 million.

That amount included \$7.6 million of a total \$8.7 million awarded in

one-time grants to various educational endeavors including \$4.8 million to Hawaiian-focused Department of Education charter schools and \$3.9 million to fund Family and Children Learning and Resource Centers planned for development as part of four affordable and transitional housing community clusters, helping to address the challenge of homelessness on O'ahu's Leeward Coast.

An additional \$18 million was awarded in preschool and post-high scholarships and another \$17.6 million

was invested in agreements with more than $60\,$ community organizations to further serve Hawaiian learners.

Kamehameha also experienced growth in the number of learners served, up 27 percent for the year from 28,000 to nearly 36,000.

"Last fiscal year was an incredible year, where everyone at Kamehameha Schools found ways to reach out to Hawaiian communities," said **Dee Jay Mailer**, chief executive officer of Kamehameha Schools. "From our students and families, to our staff and alumni, all minds were seeking ways to extend Pauahi's legacy – it was amazing.

"This fiscal year, the seeds of that work are sprouting as we work alongside of incredibly dedicated people in their communities to change the quality of education. While so much more is to be done, we can't help but feel rewarded by the accomplishments of our people every day. Maika'i loa!"

Kamehameha enjoyed significant progress during the year in managing its assets as real estate, stocks and other equity investments boosted the fair value of the institution's Endowment by \$1.39 billion to nearly \$9.06 billion, a one-year total return of 22.3 percent.

This is the third consecutive year that Kamehameha Schools has realized a strong investment performance. In 2005, a 12.9 percent return brought a jump of \$600 million to an Endowment fair value of \$6.8 billion, while 2006 saw a 17 percent return, adding \$897 million to a fair value of \$7.66 billion.

"Endowment's overall success is a result of prudent investment and land management and a talented and dedicated management and support team," said Kirk Belsby, Kamehameha's vice president of Endowment.

Other highlights for the year included:

- The May 2007 resolution of the "John Doe" lawsuit seeking to overturn Kamehameha's admissions policy. By resolving the four-year-old legal challenge, Kamehameha Schools preserved and protected its right to offer admissions preference to Native Hawaiians.
- The February 2007 appointment, effective April 1, 2007, of Corbett Kalama
 to replace Constance Lau as a Kamehameha Schools trustee. An executive
 vice president with First Hawaiian Bank, Kalama is the son of a kumu
 hula, a respected paddler and parent of three Kamehameha Schools graduates. He has brought a strong business acumen and Hawaiian cultural
 background to Kamehameha's boardroom.
- The December 2006 selection of Lee Ann Johansen

significant ways,

Kamehameha

We look back on another fulfilling year at Kamehameha Schools with gratitude to our staff and 'ohana for their dedicated commitment to serving the legacy of our founder, Ke Ali'i Pauahi.

While this Annual Report chronicles the significant milestones of the past year, it is important to reflect on the longer-term progress critical to Kamehameha's mission.

Indeed Kamehameha is in the process of significant transformation, and shall continue to evolve over time.

We continue to diversify and to refine the endowment portfolio, one that is far more sophisticated than the trust's holdings just five years ago. Higher investment returns provide greater opportunities to increase and shape educational programs seeking to create sustainable, intergenerational change within our communities.

According to plan, fiscal year 2007 sees Kamehameha Schools expand educational services, programs and collaborations to benefit more Hawaiian learners

A second-vear review of Kamehameha Schools' ambitious 10-year Education Strategic Plan shows the organization clearly meeting its educational goals.

Using a mixture of innovation and collaboration, Kamehameha's second-year progress report for the period from July 1, 2006 to June 30, 2007 reveals a second consecutive strong year with educational service levels continuing to climb.

The numbers of Hawaiian children and families impacted by Kamehameha Schools programs and services grew by 27 percent, from 28,000 to nearly 36,000. In addition, more than 30,000 learners participated in one-time or intake programs such as the Land Legacy Education program called 'Aina Ulu that treats learners to education on Kamehameha lands.

Since approval of its education plan in June 2005, Kamehameha Schools has increased the number of Hawaiian learners it serves by nearly 60 percent, up from an original count of 22 400

Featuring three strategic priorities, the goal of Kamehameha's Education Strategic Plan is to create sustainable and intergenerational impact through quality educational experiences. The plan's long-range goal is to increase the number of learners served by Kamehameha programs, services and collaborations by 150 percent - to 55,000

learners - by 2015.

"We're right on Since approval of its track as we implement our education education plan in June plan," said Chris Pat- 2005, Kamehameha vice president for Schools has increased strategic planning the number of Hawaiian cent, to a total of \$78 and implementation. "We've made great learners it serves by strides to better align nearly 60 percent. our service offerings

"In addition, we've developed wonderful collaborations with other service organizations that bring more targeted resources and services to our keiki across the state, specifically in predominantly Native Hawaiian communities.

In fact, fiscal year 2007 saw Kamehameha Schools invest more than

\$17.6 million in agreements with over 60 community organizations statewide, providing services and program funding in predominantly Hawaiian

communities to expand quality educational opportunities. Kamehameha also increased its educational spending on community programs by 37 permillion.

"We've fostered new and innovative collaborations,

and our staff has worked tirelessly to identify and implement ways of increasing the number of people we serve," Pating said.

"In some cases, we've started new programs. We've filled excess capacity in some of our existing programs and added capacity to yet other programs. Finally, there's exciting internal collaboration occurring across Kamehameha Schools that has really fueled our ESP implementation

efforts, and that's how we are increasing the numbers of Hawaiians that we serve."

The first strategic priority of Kamehameha's education plan emphasizes early childhood education with a focus on learners age 0 to 8 and the families that care for these learners.

In fiscal year 2007, Kamehameha Schools

- Served more than 8,800 keiki ages 0-8 through KS-centered preschools, preschool scholarships, literacy instruction and various educational collaborations

keiki) and increased total financial awards from \$3 million the previous year to \$4.4 million

The second priority of the Education Strategic Plan calls for supporting children in grades four through post high school, sustaining the momentum created by Kamehameha's focus on early childhood education.

In fiscal year 2007, Kamehameha Schools:

- Educated more than 8,500 noncampus students through enrichment, campus outreach and summer school programs
- Awarded \$16.4 million to 2,200 students for post-high scholarships, serving both new graduates as well as continuing education students of all ages
- Supported 14 Hawaiian-focused charter schools with a total of more than 2,300 students and provided one-time funding allocations to 12 of the schools totaling approxi-

mately \$4.8 million

With traditional campus enrollment for grades K-12 now fixed each year at 5,400 at Kamehameha school sites at Kapālama, O'ahu and on Maui and Hawai'i, the increase in numbers of Hawaiian learners served is coming entirely from new community program beneficiaries.

But that doesn't mean Kamehameha isn't focusing on the third strategic priority of its education plan – developing innovative instructional models at its campus-based programs.

"Our schools are on a continuous journey of improvement," said Dr. Rod Chamberlain, Kamehameha vice president for campus strategies. "The results of fiscal year 2007 have set a strong foundation for our work to achieve the vision for our campuses as places of innovative learning, serving, living culturally and spiritually, graduating students who have and always will contribute greatly to the strength of the Hawaiian people in

this world. And one of the most exciting aspects of the last school year was the increased collaboration among the campuses."

Those collaborations included:

- Enriching the curriculum through cross-campus conversations to serve increased numbers of indigent and orphan students at Kamehameha campuses at Kapālama, O'ahu and on Hawai'i and Maui
- Enhanced programs that increased student learning in Hawaiian language and culture
- Expanded teaching strategies that promoted student learning and improved student growth in areas such as writing and instructional technology by fine-tuning instructional practices

"This is the second completed year of our Education Strategic Plan, and we still have a lot of implementation challenges," Pating said. "Kamehameha Schools is a big ship and it requires tremendous energy to coordinate the efforts of more than 1,800

employees across the entire state.

"But even with these challenges, our KS 'ohana has risen to the challenge and gone above and beyond to implement our education plan. Everyone is working very hard to positively impact our Hawaiian people and we are all pulling on the paddle at the same time."

estate portfolio. Utilizing economic, educational, cultural, environmental, and community based themes, Pauahi's land legacy is thriving ever

The Royal Hawaiian Shopping Center is nearing the completion of a \$115 million makeover, and we look forward to a grand reopening in 2008. The Kāne'ohe and Kailua communities have been delighted by the family-friendly rehabilitation of Windward Mall, which was presented the "Shopping Center of the Year" award for 2007 by the Retail Merchants of Hawaii.

With the purchase of the Varsity Theatre in June 2007, we now have a critical mass of land area assembled that will support a mixed-use development capable of serving as a commercially desirable gateway to the University of Hawai'i at Mānoa.

Further, the planned development of a 400,000 square-foot life science facility in Kaka'ako continues, and was aided during the past legislative session when Kamehameha Schools and its development partner obtained enabling legislation for the High Tech Development Corporation (a state of Hawai'i sponsored entity) to master lease 60,000 square feet. The life science facility at project completion will ultimately house more than 1,000 employees.

Both projects will hopefully lead to stronger ties with UH-Mānoa and will foster the growth of a larger science and technology based work force. Our ultimate goal is to purpose our land to not just provide an eco-

nomic return, but to also provide opportunities for our children to have access to broader educational opportunities and living wage jobs that will allow them to stay in Hawai'i and raise their own families.

On Hawai'i island, the renovation of the Keauhou Beach Hotel is ongoing. More importantly, restoration on two adjacent heiau ma kai has begun, with completion scheduled in early 2008. Their physical and spiritual impact on the landscape is already clearly visible, and one can see them as a beacon and sentinel of Hawaiian culture at the birthplace of Kauikeaouli. Kamehameha III.

The 'Āina Ulu land-based educational programs continued to thrive this past year as thousands of learners were exposed to our land legacy on approximately 39,000 dedicated acres. Further, more than 120,000 acres are presently subject to conservation programs within the Mālama 'Āina program to preserve the pristine nature of our lands and waters

And finally, the historical and cultural knowledge of our lands grows each year as we continue to populate our land legacy database through our cultural historians.

The Endowment Group is exercising its mandate to serve the mission of Kamehameha Schools by growing the size of its asset base, protecting the cultural and historical wahi pana, and providing new opportunities by linking our land portfolio to education and jobs.

We embrace this kuleana and commit to ho'omau the legacy of Princess Pauahi.

Trustee Message: Kamehameha Schools and "John Doe" Settle Admissions Lawsuit

Monday, May 14 2007 @ 06:29 AM HST | Contributed by: CEO Message | Views:3,414

Aloha mai kakou,

We have reached agreement with "John Doe" to resolve Doe's lawsuit seeking to overturn our admissions policy. The terms of the settlement are confidential.

By settling this case, we protect our right to offer admissions preference to Native Hawaiians. The plaintiff has withdrawn his petition for U.S. Supreme Court appeal of the 9th Circuit Court ruling upholding our preference policy as legally permissible.

This means that the Circuit Court ruling stands – our legal right to offer preference to Native Hawaiian applicants is preserved. Our work to fulfill our mission and Pauahi's vision, on our campuses and in our communities can proceed without distraction.

The ruling from the 9th Circuit Court is a pono one for Kamehameha Schools and for kanaka maoli. The majority opinion written by Judge Susan Graber acknowledges our unique history and the importance of our mission. In addition, the concurring opinion by Judge William Fletcher recognizes that Native Hawaiians have political status with the U.S. as a Native people. It is a great ruling to uphold, for Kamehameha Schools and the many federal and state programs that acknowledge and support the determination of our people to thrive. By settling this case we preserve our rights to serve our people in the manner we feel is best.

This was a very difficult decision. From the beginning of this lawsuit, we have been prepared to defend our policy to the very end of the judicial process. However, it is becoming increasingly clear that this lawsuit is only one piece of a much broader risk to the rights of Native Hawaiians, as the Indigenous people of this state, to manage and control our own resources.

We cannot ignore the treacherous landscape before us. We have all seen the systematic attempts to take Hawaiian Homelands, dismantle the Office of Hawaiian Affairs, to eliminate federal funding for programs that serve to improve the well-being of Native Hawaiians, and to scuttle attempts in the U.S. Congress to solidify our peoples' Indigenous status.

We have all heard our efforts to protect our rights as Indigenous people described as "Balkanization," "separatist" and "racist." We have all read essays and opinions that seek to rewrite Hawaiian history and the overthrow of the Hawaiian Kingdom and government.

The John Doe v. Kamehameha Schools case was just one more attempt by a few to chip away at Native Hawaiian rights. Settling this case preserves our ability to fulfill our mission and our right to use our resources for their directed purpose, as a completely private Trust established by the bequest of one of our Ali`i during the time of Hawaiian Sovereignty. Settling this case also reserves the rights of other private trusts – Native and non-Native, as well as the rights of all Indigenous people to control and use resources designated for their benefit.

This settlement, which preserves a favorable 9th Circuit Court ruling, has the same legal effect as a denial of the plaintiff's petition for Supreme Court review. It allows us all to move forward with a common purpose: protecting the rights of kanaka maoli, private individuals and Indigenous people everywhere to use our own resources to take care of our own people.

As a Native Hawaiian trust, we will stand strong with other organizations and individuals to protect our assets. And as an Educational institution, we will move ahead with speed and diligence to extend our reach into our communities to more Native Hawaiian children and families, as our Princess intended. We have made significant gains in the number of children and families we serve in the past year, and we are ready to do more.

You have been stalwart in your support as we have fought to protect our rights and our mission. Mahalo piha for all that you do for Kamehameha Schools and for the children and families we serve.
