

# Exhibit A

Why would you want to deprive others of fundamental human rights?  
What if a close friend, family member or co-worker was gay and wanted  
to get married? Wouldn't you want to support the love they have for  
their partner and want them to have the same rights as you and others?  
Please re-think your position. There are so many more important issues  
in this world that need our attention rather than gay marriage. We need  
to learn tolerance, acceptance and love of each other.
