IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF CALIFORNIA

ANTHONY R. TURNER,

Plaintiff,

No. 2:11-cv-0451 MCE JFM (PC)

vs.

DIANE SHEPARD, et al.,

Defendants.

ORDER

_____ /
The court issued findings and recommendations on June 27, 2011 recommending dismissal of this action due to plaintiff's failure to submit a certified application to proceed in forma pauperis. Following the issuance of those findings and recommendations, plaintiff submitted a second application to proceed in forma pauperis and a declaration stating that the accountant at California State Prison – Corcoran (“CSP-Corcoran”), where plaintiff is presently housed, refuses to certify plaintiff’s prison trust account statement. In response, plaintiff was directed by order dated September 8, 2011 to submit either proof that he submitted an application to proceed in forma pauperis to officials at CSP-Corcoran or submit a certified prison trust account statement. Plaintiff has done neither. Instead, plaintiff has once again submitted an incomplete application to proceed in forma pauperis with a declaration that the accountant at CSP-Corcoran refuses to certify his prison trust account statement.
