WHEREAS, the California Sportfishing Protection Alliance (CSPA) filed its complaint in the above – captioned case on March 1, 2011;

WHEREAS, CSPA served the summons and complaint on Defendants the County of Sacramento and Sacramento Area Sewer District on May 26, 2011;

WHEREAS, Defendants acknowledged receipts of the summons and complaint on May 27, 2011;

WHEREAS, Defendants response to the complaint was initially due on or before June 17, 2011;

WHEREAS, CSPA and Defendant agreed to an initial stipulation extending the time for Defendants to respond to the complaint to and including July 26, 2011, which the Court granted;

WHEREAS, although the Parties exchanged initial drafts of a proposed consent decree that would fully resolve this matter, Defendants assert they require additional time to develop programmatic elements aimed at reducing and eliminating sewer system overflows to be incorporated into a consent decree;

WHEREAS, the Parties continue to believe that settlement of all claims in this matter is likely and that a further extension of time for Defendants to answer CSPA’s complaint is in the interests of judicial and the respective clients’ economy;

THEREFORE, IT IS HEREBY STIPULATED by and between CSPA and Defendants, through their respective counsel of record, that Defendants shall have an additional thirty (30) days to and including August 25, 2011, within which to answer CSPA’s complaint.
