WHEREAS on March 10, 2014 the Court issued its Order allowing Plaintiff
ThermoGenesis Corporation ("Plaintiff") and Defendant OriGen Biomedical, Inc. ("Defendant")
until March 17, 2014 to submit their Joint Status Report and Discovery Plan called for by the
Court's December 18, 2013 Order Requiring Joint Status Report ("Order") and Federal Rule of
Civil Procedure 26(f) ("Rule 26(f)").

WHEREAS on March 14, 2014, Defendants timely filed their Motion to Dismiss Plaintiff's Complaint in part.

WHEREAS from March 14 through March 17, 2014, counsel for the Parties met and conferred in writing and telephonically on all issues required by the Order and Rule 26(f). A draft of the Joint Status Report and Discovery Plan incorporating all: proposed dates, items for inclusion in the discovery plan, and all other items required by the Order and Rule 26(f) is in the process of being prepared.

WHEREAS, at the time of the preparation of this STIPULATION, the Parties require additional time to finalize the Joint Status Report and Discovery Plan because there were several items for inclusion in the document that counsel for the Parties are unable to come to agreement on. Also, the final Joint Status Report is being reviewed and edited across time zones, with one counsel being in Maryland, on business, and in court hearings in Maryland this week.

WHEREAS a brief extension of time will enable the Parties to work together to submit one Joint Status Report and proposed Discovery Plan in compliance with the Order (albeit with certain subsections specific to the individual parties detailed therein), rather than two slightly different Status Reports, possibly filed at slightly different times.

Plaintiff and Defendant, by and through their counsel of record, therefore STIPULATE to and respectfully request a brief, additional extension of time for the parties to submit the Joint Status Report and proposed Discovery Plan until on or before **Friday, March 21, 2014.**
