10 IN THE UNITED STATES DISTRICT COURT
 11 FOR THE EASTERN DISTRICT OF CALIFORNIA
 12 SACRAMENTO DIVISION

14 **JERMAINE PADILLA,**

15 Plaintiff,

16 v.

18 **JEFFREY BEARD, et al.,**

19 Defendants.

No. 2:14-cv-1118 KJM-CKD

**STIPULATED REQUEST TO FILE
 VIDEO OF PLAINTIFF'S EXTRACTION
 WITH THE COURT AND ORDER
 [L.R. 133(b)(3)]**

21 The parties, by and through their attorneys of record, request, under Local Rule 133(b)(3),
 22 that they be permitted to file or lodge a copy, on compact disk, of Plaintiff's July 24, 2014 clinical
 23 intervention and extraction that are at issue in this lawsuit. The parties seek to introduce into
 24 evidence the recording of Plaintiff's intervention and extraction in connection with the motions
 25 for summary judgment and oppositions they intend to file.

26 The recording is necessary to the determination whether Defendants' use of force was
 27 reasonable which will be at issue in the summary-judgment proceedings.

1 The recording of Plaintiff's intervention and extraction is almost thirty minutes long. Since
2 the recording cannot be converted to PDF format, counsel cannot file it along with the summary-
3 judgment papers using the Court's CM/ECF system. The recording has been converted to MP4
4 format, which can be played on most computers, in anticipation of emailing it to the Court.
5 However, the file is 888 megabytes (MB). Most mail servers cannot accommodate files of this
6 size. (The email server for the Office of the Attorney General for the State of California has a 25
7 MB limit on email attachments, and the Court's CM/ECF system has a 10 MB limit on files that
8 can be submitted.) Thus, the parties will not be able to email the recording to the Court.

9 The parties have no other means of submitting the recording of Plaintiff's intervention and
10 extraction for the Court's consideration other than filing or lodging a compact disk with the
11 recording. The parties therefore request that the Court grant this stipulated request.
