7 v.

NO. C01-1351 TEH

ORDER RE: RECEIVER'S  
TRIANNUAL REPORTS

10  
11 Based on the Receiver's most recent triannual report and subsequent discussions, the  
12 Court has serious concerns about the level of care being delivered at the California Health  
13 Care Facility ("CHCF") in Stockton, as well as what appear to be increasing difficulties with  
14 recruiting and retaining medical staff statewide. The Receiver shall address both of these  
15 issues in his next triannual report, including the corrective action that has been taken and any  
16 additional planned corrective action or recommendations to the Court if the Receiver  
17 believes further orders are necessary.

18 In addition, the Receiver shall discuss in each triannual report his views on the  
19 sustainability of the reforms he has achieved and plans to achieve. Among any other topics  
20 deemed relevant by the Receiver, each report should include updates on the development of  
21 an independent system for evaluating the quality of care, as well as a discussion on the  
22 degree, if any, to which custodial interference with the delivery of care remains a problem  
23 and, if so, what actions he and Defendants are taking to address the issue.

24  
25 **IT IS SO ORDERED.**
