**Re: *Overture v. Google***

Dear Jack:

I am writing to follow up on our telephone conversation today. As you requested, we discussed Google's document production and the status of the protective order. We also discussed several issues that Jon and I raised, including a proposed protocol for handling email discovery, the Rule 30(b)(6) deposition notice you served, the possibility of phasing discovery on damages and willfulness, and our request that Overture supplement its claim charts. As discussed, Jon will be sending you under separate cover our proposed email discovery protocol.

Sincerely,

Michael S. Kwan
