San Francisco, California, January 5, 2006

AT&T Inc. (NYSE: T) today announced the appointment of Kenneth McNeely as president, external affairs for AT&T's operations in California, effective immediately.

McNeely will be responsible for all legislative, regulatory, governmental and external affairs activities in California, a role similar to his previous position at AT&T Communications, California. He will be located in San Francisco and will lead a team of AT&T professionals throughout the state.

"Ken's expertise in working with public officials and external constituencies combined with his knowledge of communications and entertainment policy make him the perfect choice to lead our efforts in California," said Bob Ferguson, president-State Legislative and Regulatory Affairs for AT&T.

McNeely has served in a variety of capacities with the former AT&T. Since November of 2000, he has held the position of President, AT&T Communications of California. He joined AT&T in 1991, serving as a corporate attorney in Atlanta, and subsequently represented the company as Vice President-Law & Government Affairs in Florida. McNeely came to San Francisco in February 2000 as Vice President-Law & Government Affairs.

McNeely is a native of Charlotte, North Carolina and a graduate of the University of North Carolina in Chapel Hill. He graduated *summa cum laude* from the Howard University School of Law in 1987. McNeely is on the board of the California Chamber of Commerce and the California Business Roundtable.

"I'm looking forward to working with elected officials, policy makers and key constituencies throughout the state on issues of importance to all Californians," said McNeely. "The new AT&T is ready to deliver a new era of communications and entertainment that will bring the benefits of state-of-the-art IP-based technology to California customers."

The appointment follows SBC Communications' acquisition of AT&T Corp. and the launch of the new AT&T— the largest telecommunications company in the United States. McNeely succeeds Lora Watts who has accepted a new position at AT&T headquarters in San Antonio.
