Directory Listing

Each new phone number is entitled to a complimentary directory listing. Please select the type of directory listing you would like for your main line. You also have the option of not listing your street address.

Type of Listing: Main Line

Please select one:

Listed in Directory **No charge** **Main Line**
 Name, address, and phone number listed in the White Pages and with Directory Assistance. (calls to 411) Do not list address

Dual Name Listing in Directory **No charge**
 Two people sharing the same last name at the same residence may be listed together. Do not list address

Second listing name (please enter first name only) :

Directory Assistance Listing Only **\$.14 per month**
 Name, address, and phone number are not listed in the directory but are available from Directory Assistance. Do not list address

Non-Published (See limitations) **\$.28 per month**
 Name, address, and phone number not listed in the directory and not available from Directory Assistance.

Note: If you elect to have your main line be Non-Published, all other lines on the account will be non-published as well, and (get it free). By submitting your order on these pages, you give consent for SBC to send your phone number, whether listed, non-listed or unpublished, to the email address you provide. If you do not want an email confirmation containing your new number and prefer to receive confirmation of your order in the US mail, please call an SBC service representative direct at 1-800-955-4296 to place your order for new service.

Directories

A complimentary copy of the local directory (White Pages and Yellow Pages) will automatically be delivered to the new service address within 7 to 10 business days of service activation.

If you would like to order additional copies of the directory, or copies of a different directory, please call our Directory Delivery hotline at 1-800-848-8000 once your new service is established.

I would prefer not to receive a directory.

Jacks and Wiring

Jacks and Wiring

[More Info](#)

We are only responsible for providing SBC dial tone up to the point of entry into your residence, and you¹ are responsible for the wiring, jacks, and telephones inside the home. That could mean that one or more jacks might not work as you expect. If you are renting, your landlord is required to provide you with one working jack in your home.

You have the option of doing inside wiring yourself¹, hiring someone to do it, or having an SBC technician do it. The charge to activate a non-working jack or install a new jack is \$125 for the first wire run, and \$50 for each additional wire run or new jack, plus \$6 for each jack plate. Costs are per visit, per billed telephone number, per premise. Additional charges for inside wire, jacks, or other materials may apply. Your installer will give you an estimate before beginning the work.

***Would you like an SBC technician to install or rewire any jacks?**

¹Under state law, landlords, and not tenants, are responsible for repair to and maintenance of inside telephone wire. This law only applies to one working jack. If you are renting, your landlord is required to provide you with one working jack in your home. When repairing your standard inside wire you have options. You can repair it yourself, hire an SBC technician to repair it on a per visit basis, or hire someone else to repair it. With WireProSM, we will repair your industry standard wire at no additional cost to you, provided that it is currently in working condition.

Installation Date

Installation Date

[More Info](#)

The installation date is the day your new phone service is installed and activated.

Your service is currently scheduled to be installed on **05/16/2006**.

Is this date acceptable?

- Yes, I'd like my service installed on the date listed above.
- No, I prefer that my service be installed on the following date:
(Must be a weekday between 05/16/2006 and 07/17/2006 and not a holiday)
Preferred date: Month: Day: Year: 200

Please note: Installation dates are not guaranteed. If for some reason the date cannot be met, we will contact you within three business days to reschedule your date of installation.

What time of day would you like your service installed?

- Anytime is fine (8am - 8pm)
- Morning (8am - 12pm)
- Afternoon (1pm - 5pm)
- Evening (4pm - 8pm)

Not all installations require a home visit. In case a technician will need to visit your property, please provide a telephone number where you can be reached on the day of installation and any other instructions below.

Access Instructions

[More Info](#)

On the day of installation, please be sure that dogs and other animals are securely confined and that gates are unlocked so that the technician may have full access to your property, otherwise your service activation could be delayed.

In addition, if you are requesting jack work, the technician will need access to your home and you or another adult 18 or older must be present.

If there is anything the technician will need to know to gain access to your property, please provide instructions below.

Access Instructions: (optional)

Example: "See manager for key."
