Bernie,

Here is a nice website I found. I haven't viewed all of the documents available on the site. I'll let you take a look.

Thanks for the update from [redacted] I left a message for him Monday, but didn't hear back from him. I will give you a call later today. I have a few things I want to discuss with you.

Subject: Public documents

Do you know if the documents that are not redacted in our case are public documents that anyone can access? Like Unshaw's sworn statement that there are "13,000 retired NFL players living" . You were also able to get [redacted] home and Myrtle Beach address. Why shouldn't we publish all their home addresses, Goodell, Upshaw, et al making the world, the fight a little more personal for them.

We are still waiting for Judge Alsups ruling.

Anything new on [redacted]

My new phone number [redacted]

Hope things are going well for you. Bernie
