Jason,

Is there some specific concern that you would like to discuss further? It would be helpful to know whether we'll have information sufficient to discuss that in more detail tomorrow. As you know, we already sent a responsive letter and further described our concerns and the burden in detail on the telephonic meet and confer. We're happy to discuss the burden further, but we either need to know what specifically you need more clarity on or it's your turn to tell us how you would propose to limit the request given the burden and relevance issues that we've put forth. In any event, we won't be in a position to tell you tomorrow morning what our clients would be "willing to give." We'll need to discuss any proposed narrowing with our clients to understand whether and/or how it would affect burden, relevance and other similar concerns.

Best regards,
Zac

Need to understand better your concerns about our request and what you are willing to give us.

I would think 30 minutes will be ample time.

Jason,

My schedule is fairly tight tomorrow. Can you describe what questions you have related to the general ledger requests, so that we can get a sense of how long it will take and whether we can be prepared to discuss those items tomorrow morning?

Thanks,
Zac

Zac and Nitin,

Following up on our call earlier this week, can we set up a call tomorrow (preferably in the AM) to discuss our requests for general ledger information?

Thanks.
