WHY use TomorrowNow?

TOMORROW NOW

- Open doors into the account
 - ◆ Position you as a trusted advisor
 - ◆ Build a relationship with the customer for future sales
 - ◆ Competitive intelligence & **data on future ERP plans**
- Create license opportunities
 - ◆ Creates \$\$ / capital to **invest in SAP apps**
 - ◆ TomorrowNow slashes Oracle support cost in half
- Divorce the customer from Oracle
 - ◆ Take Oracle out of incumbent vendor position
 - ◆ Level the playing field created for SAP
 - ◆ **CAUTION: A "do nothing" decision is a WIN for Oracle**
- Earn additional cash
 - ◆ 2.5% SPIF **paid to SAP AE's** for every TN support contract

Bottom Line: This is a win for everyone – SAP, TomorrowNow, you, but most importantly...the customer.

Huge Savings to Fund SAP Projects

TomorrowNow saves its clients 50% off their maintenance fees year after year. That quickly adds up to huge savings that they can use to purchase SAP, which improves your ability to win deals. Take a look at these examples:

BORDERS.

(A PeopleSoft customer, 35,500 employees, \$4M annual sales)

**\$2 M
SAVED**

SAP and TomorrowNow worked together to cut Border's \$380,000 maintenance bill in half. In just five years, TomorrowNow will save them just less than \$1 million dollars in maintenance fees. More importantly to the customer—by using TomorrowNow they avoided a major upgrade to a new PeopleSoft release, which saved them close to another \$1 million. Combined, these savings were enough to fund their SAP migration.

ArvinMeritor.

(A PeopleSoft customer, 31,000 employees, \$8M annual sales)

**\$1.5 M
SAVED**

Oracle wanted to retain Arvin Meritor. TomorrowNow offered its maintenance program, which saved Arvin Meritor \$317,000 a year, and more importantly "divorced" this customer from Oracle. As a result, in just over just five years, Arvin Meritor will have saved \$1.5 million. This money is now available to purchase SAP applications.
