

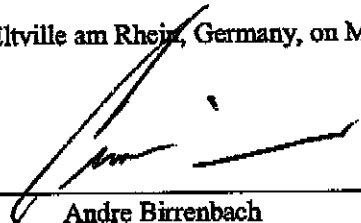

# **EXHIBIT 15**

**DECLARATION OF A. BIRRENBACH**

I, Andre Birrenbach, declare as follows:

1. I am over the age of 18 and competent to testify to the facts stated in this declaration. All statements made in this declaration are based upon my personal knowledge and belief, except where otherwise indicated.
2. I am the Director IT for Rotkäppchen Sektellerei GmbH. My job duties include purchasing Software and IT solutions for Rotkäppchen.
3. In 2005, Rotkäppchen was evaluating its ERP needs and options. We decided to replace our JDE World applications with SAP applications. We made this decision for several reasons, including because we had some concerns about the future of the JDE World product as a result of Oracle's acquisition of PeopleSoft and because we believed that SAP had greater industry functionality and a clearer product strategy for our needs.
4. After we made the decision to replace our JDE applications with SAP applications, we decided to use the support services of TomorrowNow to support our JDE applications while we transitioned from JDE to SAP. If TomorrowNow had not been an available option at the time, we still would have replaced the JDE applications with SAP applications. The TomorrowNow support option we took was not the cause of our decision to move to SAP.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct and that this declaration is executed at Eltville am Rhein, Germany, on May 10, 2010.
