In the oil business you can hit a gusher.
In the gold business you can
make a major discovery.
In the high tech medical field the Big hits are
about Patents.

The past two years have seen small Medical corporations posting
enormous profits.
The breakthroughs that have occurred, and the Patents
that have followed
them have made this one of the Hottest sectors to be in.

This week we bring you Oncology Medical Inc.

Ticker: ONCO

Current Price: \$0.72

Target Price: \$2.40

Oncology Medical is one of the brightest stars to come on to the medical
research stage in recent years.
The company is expected to make a
significant announcement soon with respect to its current Research.
The
up-potential is amazingly high on this one.
Keep an eye on it Monday,
May 7th.

pre-eminently Christian event but it has taken on wider political ramifications in Western-Islamic relations Catholic-Muslim relations and Turkey's aspirations to be part of Europe. The visit is seen as a test as to whether the pope can ease Christian-Muslim tensions that simmered after he quoted a Byzantine emperor who characterized some of Muhammad's teachings as evil and inhuman.

Super Hot Oil and Gas c company with Drilling Results on the Way!

Company: Friendly Energy Corporation (FDEG)
Current Price: \$0.105 (+150% since 4/25)

This rapid appreciation started April 25th when FDEG put out some
Very Positive news about their current Oil and Gas prospects saying
that they had:

"Identified Five viable zones for development."

They went on to say "Each prospect should produce approximately
500,000 barrels of oil, however the formations could yield
Significantly More."

This brought strong volume to the issue and pushed the price up 35%

Then Thursday after the bell FDEG makes another Significant
announcement:

Premium Petroleum (PPTL)

Current Price: \$0.01

Projected Price: \$0.04

CALGARY, ALBERTA--(MARKET WIRE)--Apr 17, 2007 -- Premium
Petroleum Corp. is pleased to announce that a successful test well was
drilled on the Boyne Lake Prospect to TD (total depth) of 1,841 feet. Both
the primary target "Upper Grand Rapids" zone as well as the up hole
secondary target "Viking" zone were encountered and were Prolific.

After 5 or 6 days the well was checked again, and much to the delight of
management, an approximate 250 meters (800 foot) head of oil was
present in the well bore- evidence that we had encountered OIL SANDS,
but even more significant, FLOWING OIL SANDS. In accordance with
Alberta Energy's designation, our project is categorized OILSANDS;
located in the Cold Lake Oil Sands district.

The significance of FLOWING OIL SANDS is that expensive mining and
recovery methods are unnecessary, as conventional pumping methods can
be used for recovery of the oil.

As no one else in the area is producing oil from this Upper Grand Rapids
zone, we have made a New Pool Discovery.

You heard it here first!!!

This junior Oil company is at this time Barely Known. Once word gets
out of this Major Discovery there will be no stopping it!!!

Its pretty clear that the outside prosecutors succumbed to the pressure from the governor
Graham said No doubt It was clear from the beginning what the governor wanted
Graham said the charge of aggravated manslaughter of a child would be difficult for
prosecutors to prove adding If these men can raise the money to put on a good defense t

TAMPA Florida (CNN)-- Eight former employees of the Bay County Sheriffs Office were charged Tuesday with aggravated manslaughter in the death of a 14-year-old at a Florida boot camp for juvenile offenders
State Attorney Mark Ober said seven former guards and a nurse are accused of causing the death of Martin Anderson by culpable negligence If convicted each could face up to 30 years in prison
Anderson collapsed January 5 at the sheriffs office Boot Camp program in Panama City Florida He had complained of breathing difficulties while running around a track as part of the entry process on his first day at the facility He was taken to a hospital and died early the next

day
Gov Job Bush who ordered the investigation said he was told the arrests were being made and hoped that at the end of the day justice will be served (Watch Bush express his hopes about the case)
We also hope that once the process is completed that Martin Lee Anderson's family will have the answers to the questions that they legitimately have Bush said
Waylon Graham attorney for one of the defendants Charles Helms said he wasn't surprised at the outcome of the probe
It's pretty clear that the outside prosecutors succumbed to the pressure from the governor
Graham said No doubt It was clear from the beginning what the governor wanted
Graham said the charge of aggravated manslaughter of a child would be difficult for prosecutors to prove adding If these men can raise the money to put on a good defense to hire the right experts they have an excellent chance of being found not guilty
Bob Pell an attorney who represents former guard Joseph Walsh Jr told The Associated Press he hadn't heard about charges against his client
I didn't anticipate it he told AP I was hoping cooler heads would prevail but we will deal with this as it comes down We understood the political pressure that was brought to bear
Benjamin Crump an attorney for Anderson's parents was in Panama City with the family Tuesday and didn't immediately return AP's call for comment

The boot camp in Bay County was closed in early May 2005 The sheriffs office said the closure had nothing to do with Andersons case but also said the eight people involved in the incident were not offered new jobs

Later that month Bush signed the Martin Lee Anderson Act into law with Martins parents present which replaces boot camps with juvenile facilities more focused on education and counseling

ANKARA Turkey (CNN) -- Pope Benedict XVI on Tuesday began his visit to Turkey -- his first to a Muslim country -- with a message urging dialogue between Christians and Muslims as he moved to ease anger over his perceived criticism of Islam

The best way forward is via authentic dialogue between Christians and Muslims based on truth and inspired by a sincere wish to know one another better respecting differences and recognizing what we have in common he said in an address at the Directorate of Religious Affairs
Introducing the pope Turkeys chief Islamic cleric Ali Bardakoglu leader of the directorate made an apparent reference to the popes September remarks that linked violence and the Prophet Muhammed

The so-called conviction that the sword is used to expand Islam in the world and growing Islamophobia hurts all Muslims Bardakoglu said

In his speech Benedict quoted two previous pontiffs including his predecessor Pope John Paul II who referred to the spiritual bonds between Christianity and Islam in a 1979 speech in Ankara He also quoted Pope Gregory VII an 11th-century pontiff who talked about the charity that Christians and Muslims owe each other because we believe in one God albeit in a different manner
On his arrival at Ankara airport for a four-day visit the pope told Prime Minister Recep Tayyip Erdogan: I really wanted to come to Turkey because Turkey has become a bridge between the religions I want to reiterate the solidarity between the cultures the pope said This is our duty
(Watch the pope meet officials in Ankara)

In his first official act Benedict visited the mausoleum of Mustafa Kemal Ataturk the founder of modern Turkey In a guest book he wrote that Turkey is a meeting point of different religions and cultures and a bridge between Asia and Europe
