Have you ever ached to find easy-to-open packages or bottles? Utensils and tools designed to be comfortable as well as easy to use and effective?

The Arthritis Foundation created a program to encourage manufacturers to design with "Ease-of-Use" in mind. Listed below are some of the products and packaging that have been submitted for review to an independent panel of people with arthritis and health professionals, and have received a favorable review for Ease-of-Use. These products carry the Arthritis Foundation Ease-of-Use Commendation Logo. (The makers of these products make an annual contribution to the Arthritis Foundation in support of our mission.) The following are listed in alphabetical order by product:

1-Clic® Packaging System from Rexam

In recognition of its inventive packaging design for pharmaceutical vials, Rexam has received an Ease-of-Use Commendation for its 1-Clic Packaging System. The name 1-Clic comes from the design of the easy-open reversible closure which provides a single audible "click"

to indicate the closure has been secured correctly – a feature that encourages consistent and proper use. The closure can be used in a child-resistant or non-child-resistant position, a feature seniors and arthritic patients value. Ask your pharmacist to fill your next prescription in a 1-Clic vial from Rexam.

For more information, questions, or comments call the Rexam Prescription Products Customer Care Center at 1-800-321-3391, or visit our website at www.rexam.com or e-mail us at prescription@o-i.com.

ACCU-CHEK® Aviva System

The ACCU-CHEK Aviva system is the first meter-strip combination to receive the ease-of-use commendation. It is designed to fill quickly with a tiny drop and test right the first time to avoid painful resticking.¹ The ACCU-CHEK Aviva meter: the easy-grip meter with the easy-handle strips. Find out more at accu-chek.com, or call 800-858-8072.

Aviva

faucet or spigot and is just as easy to remove as it is to attach. Designed with ease-of-use in mind, the Guard-N-Grip connector eliminates any need to use a wrench to connect the hose to the faucet. The Guard-N-Grip connector is designed for anyone to use regardless of age or physical strength. For more information visit www.flexonhose.com.

Folgers AromaSeal™ Canister

The Folgers® AromaSeal™ Canister has received the Ease-of-Use Commendation for its unique and convenient features that help preserve Folgers' fresh Mountain Grown® aroma:

- A convenient handle that's easy to hold.
- An inner seal that peels away easily and eliminates the need for a can opener.
- A snap-tight lid that helps seal air out and seals aroma in.
- Designed to help seal in freshness, the canister is also lightweight and stackable

The AromaSeal™ Canister is a product of The Folger Coffee Company, Cincinnati, OH 45202. For more information, visit www.folgers.com.

FootJoy® Shockstopper® Golf Gloves

FootJoy®, the #1 glove in golf, introduces ShockStop™ Leather Technology located on the palm, fingers and thumb: positioned in key areas of the glove helps reduce shock and protect the hand from the club's vibration. Holofiber® Technology helps improve grip strength. Soft, Cabretta leather along the palm and hand improves overall comfort and enhances grip dexterity. Patented magnetic ballmarker (QMark) exclusive to FootJoy provides quick and easy access to mark you ball. Conforms with both USGA Rules and R&A Rules of Golf.

For more information, visit our website at: www.footjoy.com.

Available February 2007.

GearWrench® X-BEAM™

The revolutionary GearWrench® X-BEAM™ ratcheting wrench increases user comfort and control without compromising access to tight spaces or strength and is the first hand tool to ever receive the Arthritis Foundation's Ease-of-Use Commendation. Through a unique forging process, the X-BEAM™ handle design features one end at a 90-degree angle from the other. This allows up to 500 percent more hand contact area compared to traditional wrenches and dramatically increases user comfort when used to tighten or loosen fasteners. Additional information about the entire GearWrench® product line is available online at www.gearwrench.com.
