21 The pending criminal action in Lake County is set to commence on September 1, 2009. There
 22 is only one subject area in which plaintiff believes that discovery could go forward if the criminal case
 23 is not completed. (*Monell* discovery). The defense disagrees. Given that the criminal case will be
 24 completed shortly, which will therefore terminate all bases for the stay in this action, and that there has
 25 been no change in the case since the last Case Management Conference, the parties believe that it is in
 26 the best interest of all parties and a better use of court time to postpone the existing Case Management
 27 Conference date.
