Subject: update

Nellie,

Robert just got off the plane and had some family function he needed to attend tonight. He stated he would review the draft asap which would hopefully be tomorrow sometime. Then I will get it out to you at this email address. Sorry for the delay but he wasn't able to get it done before he left. Call me if you have any questions. Also, please reply to me to be sure I got the correct email address.

Thanks for all your help,

Floyd
