The Court ordered the parties to complete mediation by May 10, 2010. The parties have met in informal settlement negotiations over the last two months and are hopeful that the case will resolve within the next few weeks without the need for a formal mediation.

The parties and appointed mediator, however, have held a pre-mediation conference call, and have agreed on May 26, 2010, to mediate the case if it does not otherwise resolve before then.

Based on the foregoing, the parties hereby stipulate and move to move the mediation cut-off date from May 10, 2010 to May 27, 2010 to provide an opportunity to resolve this matter and to accommodate the schedules of the parties.
