1 2 3 4 5 IN THE UNITED STATES DISTRICT COURT 6 7 FOR THE NORTHERN DISTRICT OF CALIFORNIA 8 9 10 PLANTRONICS, INC., No. C 09-01714 WHA 11 Plaintiff, 12 NOTICE CONCERNING JANUARY 9 v. ORAL ARGUMENT REGARDING 13 ALIPH, INC., et al, MOTION IN LIMINE REGARDING DR. LEONARD 14 Defendants. 15 16 On December 9, plaintiff moved to exclude portions of and testimony from Dr. Leonard 17 regarding the Freebit license and Freebit technology. The Court is tentatively of the view that 18 Dr. Leonard should not be able to opine at trial regarding whether the Freebit technology is a 19 substantial non-infringing alternative, but at most, should be permitted to assume that it is a 20 substantial non-infringing alternative. In which case, defendants must have different proof for 21 whether the Freebit technology is a substantial non-infringing alternative. At the January 9 22 hearing, defendants' counsel should please be prepared to demonstrate or address whether there 23 is such proof. 24 25 IT IS SO ORDERED. 26 27 Dated: January 7, 2014.

UNITED STATES DISTRICT JUDGE
