_____ /

The parties request a 60 day continuance of the Case Management Conference scheduled for April 7, 2010 to permit completion of negotiations and/or mediation. The parties are pleased to report that they have been cooperating and have made the following progress toward resolution of the matter. To date, the parties have completed a joint site inspection, attended by all parties, consultants and counsel, as required by General Order 56. Plaintiff has provided defendants with his demand as to remediations along with the report of his principal access consultant Karl Danz,

1 which contained his proposed remediation drawings. The parties have reached agreement in
2 writing as to the detailed list of remedial work to be performed at the site, much of which has
3 already been completed. The parties are now in the process of negotiating the remaining
4 monetary claims and anticipate reaching either resolution or impasse within the next 60 days.

5 In order to maintain the momentum toward settlement and to assist the parties in their
6 negotiations, the parties request referral of this matter to court-sponsored mediation.

7 SO STIPULATED.
