CLERK, U.S. DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

✓ W  
Case no. 09-cv-02292  
Bill in the nature of  
A bill of review and  
motion to dismiss for  
Lack of subject matter  
jurisdiction and a  
Preliminary injunction  
Title 28 U.S.C. §2361.  
FRCP 23, 65 b(2) or (3):

1 The attorney general of this State known as Edmund G. Brown did misrepresent  
2 the State of California as Defendants in this case and also the Governor of  
3 this State of California herein known as Arnold Schwarzenegger. We as the  
4 people of this State don't need deterring of our Constitutional rights or do  
5 we need a stronghold. A person has a right to do whatever they choose within  
6 the united states according to the law and that right may not be withheld.  
7 But we do have a problem which is before this court and that is compliance  
8 To a Referendum at stake. This not the time for attorney Brown to reinvent  
9 the Constitution for the people of this State or the United States. If? the  
10 People of this State would like to get marry to a man or a woman, so let it  
11 Be between them and their god to answer that complaint. The requirement that  
12 The party seeking review must have himself suffered an injury and will not  
13 Seek from an attorney such as Ted Olson or our makeup Governor for help.  
14 There must be a problem litigating the rights of others in this case which  
15 In fact the Plaintiffs complained of no injury in order to have standing to  
16 sue. The constitution prohibits this case from coming before this court see  
17 United States Amendment XIX. There should be a clear understanding to the  
18 case at hand and that would mean to alter the as different but equal and  
19 permit them to be marry as gay couples between a man and a man and woman and  
20 woman and be marry by a gay priest and a divorce my a gay priest. The  
21 importance of this precondition should not be underestimated as a means of  
22 defining the role assigned to the judiciary in a tripartite allocation of  
23 power. The court has required that the plaintiffs complaint fall within the  
24 zone of interest to be protected or regulated by the statute or  
25 constitutional  
guarantee which may not be in question pursuant to title 42 U.S.C. §1983.  
Exception of third parties unable to assert own rights of third parties and  
It would be difficult for plaintiffs to assert their rights themselves  
See Wachtler v. County 35 f3d 82. We the people do have standing to protest  
an interest it seeks to protect.

1  
2 It is congress power to reduce standing requirements and we have standing  
3 To sue is grounded on article III and elements of the constitution  
4 requirements of a case see 517 us 554.

8 Altering the status quo the basic function of a preliminary injunction is to  
9 Preserve the status pending a determination on the merits of the case or a  
10 Eventual injury to the people of this state or the United States, of which  
11 the plaintiffs complained of.
