 23) Motion Cutoff: September 30, 2011
 24) Discovery Cutoff: March 1, 2011

25 Pursuant to Civil L.R. 16-2(d), Plaintiffs and Defendants, by and through their
 26 undersigned counsel, hereby stipulate and jointly request that all deadlines in the Case
 27 Management Schedule be extended an additional two (2) months.

28 As grounds for this request, the parties would show that they have been

1 diligently conducting written discovery and document production. This discovery has
2 included voluminous document production from Defendants Smiths Medical ASD, Inc.
3 and Accredo Therapeutics, Inc., and discovery of voluminous medical records pursuant
4 to authorizations provided by Plaintiffs. Through no fault of Plaintiffs or Defendants,
5 there has been an unexpected delay in the acquisition of complete medical records
6 from one key provider, Enloe Medical Center. Enloe Medical Center provided medical
7 care to the decedent with regard to pulmonary hypertension, and the parties expect that
8 it possesses important and relevant documents. Enloe Medical Center's production of
9 records initially included only medical bills, but no medical records. Defendants are
10 awaiting production of the medical records from this provider.

11 Given the claims and issues involved in this case, the parties have had to refrain
12 from proceeding with fact depositions until all relevant medical records have been
13 obtained. Once those records are received, the parties will move forward to complete
14 discovery in this case.

15 Accordingly, the parties hereby stipulate to and jointly request the following
16 Case Management Schedule:

17
18 Discovery cutoff: 5/2/2011

19 Expert Deadlines: 7/4/2011 for Plaintiffs' Expert Disclosures

20 8/19/2011 for Plaintiffs' trial experts deposed

21 9/19/2011 for Defendants' trial experts disclosed

22 11/4/2011 for Defendants' trial experts to be deposed

23 Dispositive Motions: 12/2/2011 with a hearing date of early January

24
25 The parties are to decide on a joint ADR process at or around May 2, 2011.
