16 This is an action in which plaintiff seeks mandamus relief to remedy an alleged delay in
 17 the adjudication of his application to adjust status to that of lawful permanent resident by United
 18 States Citizenship and Immigration Services. Plaintiff is a resident of Newark, California.

19 Newark, California is located in Alameda County, in the Northern District of California.
 20 28 U.S.C. § 84(a). Accordingly, venue for this action is proper in the Northern District, but not
 21 in this District.

22 The parties to this action, by and through their attorneys, hereby stipulate and request of
 23 the Court that this action should be transferred to the Northern District of California pursuant to
 24 28 U.S.C. § 1406(a). Section 1406(a) provides:

25 The district court of a district in which is filed a case laying in venue in the wrong
 26 division or district shall dismiss, or if it be in the interest of justice, transfer such
 case to any district or division in which it could have been brought.

27 Because venue is proper only in the Northern District, the parties believe that the interests of
 28 justice require that this action be transferred to the United States District Court for the Northern

1 District of California.

2 In addition, the time for a response to the complaint has not yet run, and in view of the
3 uncertainty as to when this action will be docketed and assigned to a judge in the Northern
4 District of California, the parties further stipulate and request of the Court that the time for the
5 Defendants to answer, move, plead or otherwise respond to the Complaint should be extended to
6 40 days after the date the action is docketed and assigned to a judge in the Northern District of
7 California.
