23 This is a Freedom of Information Act case. This case is currently scheduled for an
 24 initial case management conference on August 5, 2010. The case management conference has
 25 previously been continued once due to the parties' request.

26 The parties have worked cooperatively toward resolving the merits of the case without
 27 court involvement and the government defendant has made a series of disclosures. As
 28 discussed in detail in the parties' previous joint case management statement, the parties believe

1 that the merits of the case are likely to be resolved or made moot without further involvement
2 of the Court or the Court's formal ADR procedures. Since the previous stipulated extension,
3 there have been some unforeseen complications in resolving the last of the issues in the merits
4 of the case, but the parties are still hopeful that the matter can be resolved without assistance
5 from the Court. After the merits are resolved, the parties will attempt to resolve plaintiff's
6 claims for attorneys' fees. If they are unable to settle that claim, plaintiff may bring a motion
7 for attorneys' fees.

8 In order to allow time to try to resolve the remaining issues in this case, the parties
9 hereby STIPULATE and respectfully request that the case management conference set for
10 August 5, 2010 be continued to September 9, 2010.

11 Respectfully submitted,
