STIPULATED APPLICATION

The initial case management conference in the above-captioned putative class action is set for December 15, 2010 at 2:00 p.m. After having met and conferred, the parties have determined that judicial economy would be served, and unnecessary expenditure of party resources would be avoided, by a postponement of the initial case management conference to a date following this court's ruling on the parties' cross-motions for partial summary judgment, which are presently under submission. Accordingly, the parties propose that the initial case management conference be continued to January 19, 2011, or a subsequent date convenient to the Court.
