Honorable Judge William Alsup ,

Please accept this letter as a formal written objection to the offer of \$2632.07. I worked for William Tank Lines since @March,2005-Septemebr 2009. I worked more than 180 weeks than what they are stating, I am due the overtime that I worked for. I did not get any lunch breaks and I worked more than 9 hrs a day with no overtime pay. I am unable to get copies of my pay stubs due to William Tank will not release my copies. I feel the \$2632.07 is a slap in my face and they are still getting away with not doing what is right and paying all the overtime that is due per hour per day not per week. I feel there needs to be a much more thorough investigation in our overtime and the correct amount they need to pay.

We were forced to work without over time from 6:am to 6:pm if you questioned them and informed them you could not work certain hours certain days they threatened you your job, with that said I feel they abused the unemployment stats and made everyone fearful to say anything do to the high unemployment rate. I personally know how they can lie and cause stress in your life.

I tried to get unemployment benefits as I have two small children and they put a person on the phone that had nothing to do with releasing me of my job. He was only going off of here say and then lied about being written up when this never happened. So again here I am with them trying to not pay me what is do me.

Sincerely,  
Mark L. Mick Jr
