licensed to users solely for personal, non-commercial use on the PS3™ system in
the country in which the PS3™ system was designed by SCE to operate. To the
extent permitted by applicable law, your rights to use or access the current version
of the System Software will cease upon installation of a newer version of the
System Software onto your PS3™ system, whether such installation occurs through
manual or automatic download by SCE through SCE's online network, or otherwise.
SCE does not grant any license to System Software obtained by users in any manner
other than through SCE's authorized distribution methods. Your use or access to
open source software or freeware included with the System Software is subject to

for the PS3™ system or at <http://www.scei.co.jp/ps3-license/index.html>. Such
additional terms are hereby incorporated by reference. You do not have any
ownership rights or interests in the System Software. All intellectual property rights
therein belong to SCE and its licensors, and all use or access to such System
Software shall be subject to the terms of this Agreement and all applicable copyright
and intellectual property laws. Except as expressly granted in this Agreement, SCE
and its licensors reserve all rights, interests and remedies.

any derivative works, or otherwise attempt to create System Software source code
from its object code. You may not (i) use any unauthorized, illegal, counterfeit, or

Without limiting the scope of SCE's remedies, any violation of these restrictions will void the PS3™ system's warranty and affect your ability to obtain warranty services and repair services from SCE or its affiliated companies.

3. SERVICES AND UPDATES

From time to time, SCE may provide updates, upgrades or services to your PS3™ system to ensure it is functioning properly in accordance with SCE guidelines or provide you with new offerings. Without limitation, services may include the provision of the latest update or download of new release that may include security patches, new technology or revised settings and features which may prevent access to unauthorized or pirated content, or use of unauthorized hardware or software in connection with the PS3™ system. Additionally, you may not be able to view your own content if it includes or displays content that is protected by authentication technology. Some services may change your current settings, cause a loss of data or content, or cause some loss of functionality. It is recommended that you regularly back up any data on the hard disk that is of a type that can be backed up. Other services or content may be made available to you by third parties who may require you to accept their terms and conditions and privacy policy ("Third Party Agreement").
