and Anda, Inc.'s (all collectively "Defendants") Joint Claim Construction and Prehearing Statement is presently due February 13, 2012;

WHEREAS, Plaintiffs' counsel and Defendants' counsel are continuing to confer in an effort to further narrow the claim construction issues to be presented to the Court and agree that extending the time within which to file the Joint Claim Construction and Prehearing Statement will assist them in reaching agreement on the meaning of additional terms;

IT IS HEREBY STIPULATED this 13th day of February 2012, by and between the parties hereto, through their respective counsel, as follows:

- 1. The time for the parties to file the Joint Claim Construction and Prehearing Statement shall be extended by four days up to and including February 17, 2012.
- 2. The parties shall finalize and exchange their Patent Local Rule 4-3(b) disclosures by February 13, 2012, as originally scheduled by the Court. Although the Parties are encouraged to reach agreement on the meaning of terms at any time, if a party proposes a different construction after February 13 and before the Joint Statement is filed on February 17 regarding a disputed term, the other parties to the litigation may cite to and comment on the change during the claim construction briefing and oral argument.
- 3. The proposed extension will not alter the other dates set forth in the Court's schedule set forth in its order dated September 29, 2011.
