Lt. Col Yates/MSgt Welch,

I understand we can not discuss the discharge while it is being processed...but I just want to make sure I have been clear in my communication with you.

If at all possible, I am wanting and willing to continue my service in the USAF. I understand the policy, and the limited options for a commander enforcing the policy; but with recent court decisions made last week by the court of appeals...it seems that just maybe there may be loop holes to avoid a discharge coming about soon.

I believe you know this is my stance, I just wanted to make sure I reiterated that I am not seeking discharge at all. I am confident the right decision will be made, and I will fall in line with whatever the end result is. Thank you for your continued support and consideration. The 37th has been tremendously gracious with me during this time, and I thank you.

V/r

Anthony Loverde
