case schedule following its order on claim construction, issued April 7, 2014 (Dkt. No. 303);

WHEREAS, at the April 22, 2014 case management conference, the Court directed that a further case management conference be held on May 29, 2014;

WHEREAS, following submission of letter briefs as directed by the Court at the April 22, 2014 case management conference, the Court issued a case scheduling order on May 16, 2014, directing further briefing by the parties regarding claim construction and setting a further claim construction hearing for July 21, 2014 (Dkt. No. 313);

WHEREAS, the Court's May 16, 2014 order also directed LSI to elect limited asserted patents and claims for a first phase of the case within two weeks of the Court's issuance of a claim construction order, and B&N to elect limited prior art references within two weeks of LSI's election;

WHEREAS, in light of the further claim construction proceedings set by the Court, the parties agree that further efforts to set a case schedule would be more productive following a further claim construction order and the parties' elections;

WHEREAS, the parties expect that these elections will take place prior to August 28, 2014;

THE PARTIES HEREBY STIPULATE and jointly request that, in view of the foregoing, the case management conference currently set for May 29, 2014 be continued to August 28, 2014.
