United States District Court
Northern District of California

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

EON CORP IP HOLDINGS LLC,
Plaintiff,
v.
CISCO SYSTEMS INC, et al.,
Defendants.

Case No. 12-cv-01011-JST

**ORDER DIRECTING PARTIES TO
FILE CONSOLIDATED DOCUMENT IN
SUPPORT OF SEALING**

Re: ECF Nos. 1059, 1062, 1064, 1066, 1067,
1086, 1090, 1093, 1094.

The parties have filed nine different administrative motions to file numerous documents under seal in connection with Defendants’ motion for attorneys’ fees. Many of the motions seek to seal information declared confidential by another party, and the declarations by the party supporting sealing are located at different locations on the docket. In some cases, the party moving to seal has designated another party as the party supporting sealing, but that party then identifies a different party as the party who actually supports sealing. See Declaration of John V. Piccone ¶ 4 (ECF No. 1078). It also appears that some parties have made later requests to seal information that the party did not initially move to seal. See Declaration of Bryan K. Anderson ¶ 3 (ECF No. 1079).

The parties are ordered to file with the court a document identifying each specific item the parties have sought to seal in connection with the pending motion for attorneys’ fees. The document shall contain a chart in the following format. See Standing Order Governing Administrative Motions for File Materials Under Seal A-4 (“If a party seeks to seal numerous documents, the Court will consider a chart that identifies the entity that designated each document as confidential”).
