Re: Tolchin v. LG Chem, Ltd., et al.
Northern District Case No. 1 13-0700 JCS

Dear Judge Spero:

I write to request a 60 day extension for the August 23, 2013 case management conference.

On July 19, 2013 I filed an Administrative Motion to Consider Whether Cases Should be Related in the *Lithium Ion Batteries Antitrust Litigation*, Case No. 4:13-md-02420-YGR before the Honorable Judge Yvonne Gonzalez Rogers in Oakland.

On August 23, 2013 at 1:30 p.m. you scheduled another case management conference for San Francisco. Would you kindly continue that hearing for 60 days. This will allow Judge Yvonne Gonzalez Rogers to rule whether Tolchin should be transferred to Oakland. Thank you.

Very truly yours,

Michael D. Liberty

IT IS HEREBY ORDERED that the case management conference has been continued to October 25, 2013, at 1:30 PM. A case management conference statement shall be due by October 18, 2013.

Dated: 8/6/13
