No. C -13-01934 EDL

**ORDER DENYING WITHOUT
PREJUDICE MOTION FOR
PERMISSION FOR ELECTRONIC CASE
FILING**

10 v.

11 THE CITY OF EMERYVILLE, ET AL.,

12 Defendant.
13 _____/

14 On July 15, 2013, Plaintiff filed Request to Amend Complaint and Request to Electronically
15 File. The request does not include the information the Court requires to decide whether to permit e-
16 filing. Therefore, the Court directs Plaintiff to the Court's website for the appropriate motion and
17 proposed order that must be filed. The Court's website is www.cand.uscourts.gov. To reach the
18 form motion and proposed order, Plaintiff should click on the "Pro se litigants" tab on the top of the
19 Court's homepage, and then click on "Forms to use in a civil case" tab, which is near the bottom of
20 the pro se litigants page. The title of the form is "Motion for Permission for Electronic Case Filing
21 and Proposed Order." Once Plaintiff files the motion and proposed order, the Court will make a
22 determination as to whether to allow Plaintiff to be an e-filer. Plaintiff's request to be permitted to
23 use the Court's electronic filing system (docket 15) is denied without prejudice to Plaintiff filing the
24 appropriate motion and proposed order from the Court's website.

25 **IT IS SO ORDERED.**
