UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

ALFRED J. ANDERSON,  
Petitioner,  
v.  
SAN FRANCISCO COUNTY JAIL, et al.,  
Respondent.

Case No. [15-cv-04317-JD](#)

**ORDER DISMISSING PETITION  
AND DENYING CERTIFICATE  
OF APPEALABILITY**

Alfred Anderson, a detainee, filed a pro se petition for a writ of habeas corpus pursuant to 28 U.S.C. § 2254. In the original petition, petitioner described how his probation was revoked in June or July 2015. His claims were not entirely clear but he appeared to allege that his appointed counsel was ineffective and that there was government misconduct underlying the probation revocation. However, it did not appear that petitioner had exhausted these claims. In the initial review order on November 17, 2015, the Court dismissed the petition with leave to amend to address these deficiencies.

Petitioner filed an amended petition on April 25, 2016, but it does not address the exhaustion issue and also seeks monetary relief against a jail official for an assault. The petition is dismissed without prejudice and may be re-filed once the claims have been exhausted. If petitioner seeks monetary relief concerning the conditions of his confinement he may file a civil rights complaint.<sup>1</sup>

---

<sup>1</sup> Petitioner already proceeds with a civil rights complaint concerning the conditions of confinement in Case No. 15-cv-03737-JD.

The petition is **DISMISSED** for the reasons set forth above. Because reasonable jurists would not find the result here debatable, a certificate of appealability (“COA”) is **DENIED**. *See Slack v. McDaniel*, 529 U.S. 473, 484-85 (2000) (standard for COA).

**IT IS SO ORDERED.**

Dated: May 23, 2016
