**STIPULATION AND ORDER
MODIFYING DISCOVERY AND CLASS
CERTIFICATION DATES**

1 The parties hereby stipulate to and request a modest modification of the class certification
2 discovery, briefing and hearing deadlines in this case. This request seeks a modest six week
3 extension of these deadlines to accommodate the volume of discovery and witnesses in this
4 action.

5 Discovery commenced in this class action after the Case Management Conference held
6 on October 2, 2008. Since that time the parties have exchanged initial disclosures and initial
7 written discovery, produced thousands of pages of documents and electronic data, negotiated
8 document preservation and protective orders, and taken/defended 7 depositions out of the 30
9 total authorized by the Court. Plaintiffs have served subpoenas, obtained documents from the
10 Housing Authority of Contra Costa County and have filed and won a motion to compel further
11 production from it. Defendant has reviewed tens of thousands of emails and produced electronic
12 and hard copy documents. It is completing review of additional documents before production.
13 Plaintiffs and defendant have both served initial sets of interrogatories.

14 Plaintiffs have disclosed 40 class member and fact witnesses, including many recently
15 identified class members.

16 The parties have cooperated in discovery, but it has become apparent that, due to the
17 substantial amount of electronic data and emails involved, and the necessity of pre-disclosure
18 document review by Defendant, and the need to depose witnesses, the current discovery cut off
19 of June 15, 2009, does not allow sufficient time for the parties to complete class certification
20 discovery. The parties have agreed to the following modification of the discovery and motion
21 dates:

	Current	Proposed
Discovery Cut Off	June 15, 2009	August 3, 2009
Plaintiff Expert Report	June 15, 2009	August 3, 2009
