UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

RUCKUS WIRELESS INC.,

Plaintiff(s),

No. C 08-2310 PJH

v.

ORDER

NETGEAR INC., et al.,

Defendant(s).

_____ /

For the reasons advanced by defendant in the joint status statement, the court finds that bifurcating one patent from the other and commencing the litigation in this forum while the reexamination process and appeals are still pending, would be an inefficient use of the court's scarce resources. Accordingly, the stay remains in effect. The court will by separate order determine any request to relate a newly filed case with this one.

IT IS SO ORDERED.

Dated: December 1, 2009

PHYLLIS J. HAMILTON
United States District Judge

United States District Court
For the Northern District of California
