 25 Plaintiffs Massimiliano Martone (“Martone”) and Martone Radio Technology, Inc.
 26 (“MRT”) and Defendants David Burgess (“Burgess”), Kestrel Signal Processing, Inc. (Kestrel”)
 27 and Range Networks, Inc. (“Range”), (collectively, the “Parties”), by and through their
 28 respective attorneys, stipulate and agree as follows:

Greenan,
 Pepper,
 Sallander &
 Lally LLP

1 1. Since mediating this case before the Honorable Edward Infante of JAMS in
2 February 2009, the parties have made substantial progress towards resolving this case. The
3 parties are awaiting receipt of a written acknowledgement relating to a complex licensing
4 agreement from a non-party, and are close to resolution of the remaining open issues pertaining
5 to the settlement.
6

7 2. Pursuant to the stipulated order entered on May 5, 2009, the deadline for the
8 addition of new parties in this matter is June 1, 2009. The parties request that this date be
9 extended to June 30 to permit approval of the licensing arrangement by the non-party and the
10 resolution of all remaining issues in this matter. Final settlement is contingent upon the parties
11 reaching a definitive written settlement agreement on all outstanding issues. This extension will
12 facilitate settlement while conserving the resources of the parties and this court.
13

14 3. At this time, the Parties do not seek any change to the remaining deadlines in the
15 September 5, 2008 Scheduling Order entered in this action, including, without limitation, the
16 time to assert additional claims against the Parties to the action. If a settlement cannot be
17 completed by June 30, the parties will request appropriate modifications to the remaining
18 deadlines in the Scheduling Order.
19

20 IT IS SO STIPULATED.
