6 Plaintiff,

7 v.

8 PARTICLE MEASURING SYSTEMS,
9 INC.,

10 Defendant.
11

Case No. 09-cv-01388-PJH

ORDER CONTINUING STAY

Re: Dkt. Nos. 99, 100

12 On February 28, 2015, the court granted defendant's unopposed motion to stay
13 this patent infringement case. Dkt. 90. On April 27, 2016, the court ordered that the stay
14 should remain in place in light of pending appeals before the Federal Circuit involving the
15 same patents. Dkt. 98. The court directed the parties to file a status statement within six
16 months.

17 Both parties have now filed status statements, with plaintiff representing that the
18 appeal in Yufa v. TSI Incorporated is still pending in the Federal Circuit, and requesting
19 that the stay of this case be continued. Dkt. 99. Defendant agrees that an additional stay
20 is appropriate.

21 The court agrees that the stay should remain in place, and directs the parties to
22 file an updated status statement either six months from the date of this order, or
23 whenever the pending appeal is resolved, whichever is earlier.

24 **IT IS SO ORDERED.**

25 Dated: October 26, 2016
