11 On April 27, 2012, Defendants filed an objection to the  
12 Magistrate Judge's Order Granting In Part Plaintiff's Visitation  
13 Requests filed April 13, 2012. Civil Local Rule 72-2 states, in  
14 part, "The District Judge may deny the objection by written order  
15 at any time, but may not grant it without first giving the opposing  
16 party an opportunity to brief the matter. If no order denying the  
17 motion or setting a briefing schedule is made within 14 days of the  
18 filing of the objection, the objection shall be deemed denied. The  
19 Clerk shall notify parties when an objection has been deemed  
20 denied." Fourteen days has passed since the filing of the  
21 objection to the Magistrate Judge's order, and the Court has not  
22 issued an order. Accordingly,

23 Notice is hereby given that Defendant's objection is deemed  
24 denied.
